CONTENTS

I Lighting concept to achieve good light level and uniformity.

    I Light fittings run parallel to driving aisles at the front of the parking spaces.

    I Lighting to be the lowest technical installation.

    I Light fittings in LED with a standard light colour including and intelligent management system.

Car entrance

Clear signage visible from the public highway to guide the customer into the parking facility.

I Illuminated blue P sign combined with LED full/spaces sign.

I Portal frames or architectural branding on the façade to increase awareness of the car park entry.

I Height restriction bar and obligatory traffic signs at the critical point of entry.

Speedgates and fast operating roller shutters ensure a safe closure of the parking facility.
