COLOUR

Colour plays an important role in the Q-Park Brand and supports the recognition of Q-Park in the market. Always use the primary brand colours. These can be used in various ways and in almost all media. Unambiguous and uniform colour use gives a harmonious and consistent 'look and feel' to Q-Park's expressions.

Primary colours

The Q-Park primary brand colours are the colours we use in the logo and as element in various expressions for recognition. Of the logo colours, **red** stands out.

Red also stands for energy, passion, strength, warmth, speed and leadership.

Black is the second primary brand colour. Where appropriate, you may also use grey tint or a percentage of black.

White is het most dominant colour in Q-Park expressions, it stands for space, fresh, open and clarity.
