GLOSSARY	161

COLOUR

Colour plays an important role in the Q-Park Brand and supports the recognition of Q-Park in the market. Always use the primary brand colours. These can be used in various ways and in almost all media. Unambiguous and uniform colour use gives a harmonious and consistent 'look and feel' to Q-Park's expressions.

Primary colours

The Q-Park primary brand colours are the colours we use in the logo and as element in various expressions for recognition. Of the logo colours, **red** stands out.

Red also stands for energy, passion, strength, warmth, speed and leadership.

Black is the second primary brand colour. Where appropriate, you may also use grey tint or a percentage of black.

White is the most dominant colour in Q-Park expressions, it stands for space, fresh, open and clarity.

For wide-ranging applicability, clarity and strength, the colour in the master logo is restricted to two colours: black (or white in reverse use) and red.

Red may only be used as a full background colour on certain clothing items and the Q-Park litter bins. When using the logo on a red background, use the black monochrome logo.

Secondary colours

We have Q-Park green and Q-Park blue to support the primary brand colours. Q-Park green may be used to accentuate certain elements. Q-Park blue may only be used by Real Estate for on-street signage.

If it is not possible to use colour in the logo, red may be replaced with 60 % black

The colour red is the most recognisable (distinguishing) colour and is used as an accent.

PLEASE NOTE: Q-Park green changed in Q4 2022 due to real estate film changes (from 3M to Orocal film).
