Logo positioning

The page margins are defined in terms of Q. Q is defined as the size of the capital Q in the Q-Park logo. Whatever the size or orientation of the paper, portrait or landscape, the margins are as follows:

- Left margin: 3xQ
- Right and top margin: 2xQ
- Bottom margin: 4xQ
    - The horizontal red line is placed at 3xQ from the bottom of the page;
    - This space is reserved for certificate logos and references, if relevant.

The remaining width between the left and right margins is divided into 3 equal parts known as y. **Y** defines the width and therefore height of the Q-Park logo with payoff.

The Q-Park logo, with or without payoff or add-on, is always placed flush to the right-hand margin.

Letterhead

Q-Park letterhead paper may be pre-printed or created digitally in MS Word.

When working in MS Word, select the letter template from the template library.

Letterhead layout principles

The master logo in black and red is placed in the upper right-hand corner. The company's legal name and address, postal code and town, telephone number, fax number, internet, e-mail address, bank and account number and VAT number are placed below the logo. This information is aligned to the left of the logo.

In the lower right-hand corner, under the horizontal red line, logos indicating ISO certificates or EPA and/or ESPA awards may be positioned. A paper code may be printed in the lower left-hand corner.

### Continuation sheet

Only the master logo in black and red is placed in the upper right-hand corner. Paper, logo, typeface and line space are identical to the letterhead.

Envelopes

The EA5 envelope is the basis for the format and positioning of logo and address. Q-Park prefers window envelopes as this means the envelop does not have to be addressed separately and so prevents errors being made with mailings.

Positioning of the Q-Park logo

The master logo in black and red is placed in the upper left-hand corner and left-aligned with the window. The Q-Park office address, postal code and town are printed immediately below the logo on one line as it may not interfere with the addressee.

[Left-aligned with the Q of the Q-Park logo]

In the downloadable templates you can switch off the window layer for plain envelopes without windows.
