Guideline for consistency

Introduction

In order to communicate consistently, both locally and internationally, it's important to always use the right corporate Sustainable Mobility Partner (SMP) wording, tone of voice and visual style. This document gives an overview of which wording and formulations to use, and which not to use. Note that this is a British English dictionary, to be translated (localised) for use in your specific country / language(s).

Your localised dictionary will help you to align content like news articles, press releases and social media posts with the SMP narrative and Q-Park language, which fits into our decentralised content process philosophy. Of course, support from Q-Park Corporate is always available.

Please make sure to share your local version of this document with:

- I relevant colleagues in your organisation, and to especially remind the people who communicate externally to update and adhere to it;
- I new employees (make it a part of the onboarding process);
- I external suppliers like agencies and/or freelancers if you have any.

Brand identity

Using the Q-Park Brand Identity elements correctly protects, maintains and increases the value of the Q-Park brand and distinguishes it from competitors.
