Logo and shapes

Sometimes it is necessary to place the logo in a closed shape, for example to identify a parking facility on a map. The space surrounding the logo must always respect the safe zone rules.

In square

Position the logo in the centre of the square, both vertically and horizontally.

In a circle

Position the logo in the centre of the circle, both vertically and horizontally.

Logo and names

Parking facility signage

The Q-Park logo may be combined with the parking facility name on signs in and around the parking facility. All parking facilities display the parking facility name above the entrance; this is the master logo plus the parking facility name. This design was developed by our house style architects. The corporate Real Estate Department has technical drawings with all details including the dimensions and use of the building materials.
